DETAILED ACTION

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-16 are rejected under 35 U.S.C. 103(a) as being unpatentable over Feola.

Feola discloses Method And Apparatus For Playing A Casino Game.

Feola teaches:

- a card game with a plurality of players (col. 3, lines 39-43);
 - providing and shuffling at least one standard poker deck of cards and at least one joker (col. 3, lines 11-16);
 - each player placing at least one bet (see abstract and claim 1);
 - dealing seven card hands to player and dealer (col. 5, lines 40-48);
- and
- resolving games and wagers (claims 16 & 17)

Additionally, Feola teaches predetermined winning tables and payoff amounts. Feola, however, fails to teach the identical predetermined schedules as outlined in the limitations of the claims.

Predetermined winning tables of outcomes and payoff amounts are well known in the art. It would be an obvious matter of design choice to make the predetermined tables/schedules as desired.

Response to Arguments

Applicant's arguments filed 4/19/04 have been fully considered but they are not persuasive. Applicant has articulated the methods of play of his invention and those of the cited reference and further attempts to compare the teachings of his invention verses the prior references of art of record. In doing so applicant introduces a series of steps that are neither identifiable nor understood, hence, not comparable. Further applicant's response presented no amendments to place the application in condition for allowance.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
